Capcine Porous Plaster!

A Great improvement on the ordinary por- A strengthening and ous plaster.

The manufacturers received the highest and only award given to Porous Plasters at the Centennial. We warrant Benson's Capcine Plaster to be superior to all other Porous Plasters and to all liniments.

ASK THOSE WHO KNOW Ask any physician if Benson's Capcine Porous Plaster is not the best plaster in the world. This remarkable article was invented to overcome the great objection always found to the ordinary porous plaster of slow action in bringing relief.

LAME BACK. For lame and weak back, rhenmatism, troubles of the spine and kidneys, it is a truly wonderful reme-dy. Physicians everywhere recognize its great su-periority to other portons plasters and to all lini-ments. It relieves pain at once and cures quicker than any known plaster, liniment or compound.

CAUTION. THERE are dangerous and Benson's Capelna Plaster in the market. The gen-nine have the word "Capelne" cut through chech plaster. Sold by all druggists. Price 25 cents.

COMMERCIAL.

Carno, Ills., September 4, 1878. Business generally presents a demoralized and unsatisfactory condition. The prevalence of the yellow fever scourge in nearly all ports of the country south of this point has caused an almost total suspension of commission men do not anticipate a revival of trade from that quarter for at least thirty to sixty days to come. The latest intelligence from the south is even more discouraging, in a business sense, as well as on the scare of an afflicted and suffering people than heretofore. Fever has made its appearance at a number of points heretofore not infected. and is spreading with great rapidity. The pening in that part of the country from which | them. Cairo draws at least two-thirds of all her trade it will not be wondered that business of all kinds is dull here. The weather is pleasant here, and the health of the city unusually good. We have no fear and no symptoms of it among our people, and do not

believe we will have it. There is little change in the general conlition of the market. Receipts of flour, corn, hay, outs, etc., are good and supplies large, and in nearly all cases above the want of the market. Prices are unchanged. Country produce is plenty and prices remain about as last quoted. There is no shipping demand for anything except flour, and no way to ship it if there was any demand.

The Cairo City Coal Company can sell better coal cheaper than anybody for three sound reasons: It mines its own toal; from can and does land it at Cairo at bottom transportation prices. These facts enable it to do just what it says it will do. Parties in Cairo, therefore, can purchase 10 bushels, or one ton, or ten tons at the same figures that 100 tons can be bought. And the prudent housekeeper knows that now is the time to prepare for the cold weather coming and lay in a supply of cheap coal.

DOES THE WORLD MOVE!-The Rev. John Jasper, of Virginia, says, "De sun do move, for in de mornin' it shines on disside ob de hous, whill in de ebenin, on dat side ob de hous. Now, ef he don't move, how com he dar?" Notwithstanding Mr. Jasper's logic, we yet believe the world moves. When Mr. Jasper's ideas constituted the popular belief, people thought that to die of small-pox or cholera was simply fulfilling one of nature's laws. Now, through vaccination, small-pox is averted, while cholera, cholera morbus, dysentery (flux), and diarrheea are readily cured b the use of Dr. Pierce's compound extract of Smart-Weed. Does not such evidences tend to prove that "the world moves?" As an external remedy for cuts, bruises, sprains, swellings, bites and stings of insects, the compound extract of Smart-Weed has no equal. Veterinary surgeons have also employed it with marked suc-

WHEN WE DEMORALIZE THE STOMACH-By excesses or imprudence in eating, we cannot hope to escape the consequences for any great length of time. The most robust digestion must succumb to abuses of that important function. But supposing that we have been foolish enough to enfeeble the stomach, is the damage irreparable? By no means. The dyspeptic has only to do two things to insure his ultimate recovery. First, he should adopt an easily digestible diet. Second, he should use with regularity and persistance Hostetter's Stomach Bitters, the leading gastric invigorant of the age. The multiform symptoms of dyspepsia, and the almost invariably attendant disorders, biliousness and constipation, will assuredly solute specific for the complaint.

SANFORD'S RADICAL CURE.

Sanford's Radical Cure for Cartarrh is a safe, certain, and permanent cure for catarrh of every form, and is the most perfect remedy ever devised. It is purely a veretable distillation, and is applied locally by insufflation, and constitutionally of internal administration. Locally applied, relief is instantaneous. It soothes, heals, and cleanses the masal passages of every feeling of heaviness, obstraction, duliness or dizziness. Constitutionally administered it renovates the blood, purifies it of the acid poison with which it is always charged in catarrh, stimulates the stomach, liver and kidneys, perfects digestion, makes new blood, and permits the formation of sound, healthy tissue, and finally obtains complete control over the disease. The remarkable curative powers, when all other remedies utterly fail, of Sandford's Radical Cure, are attested by thousands who gratefully recommend it to fellow sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references. It is a great and good medicine, and worthy all confidence. Each package contains a treatise on catarrh and Dr. Sanford's improved Inhalling Tube, and full directions for its inse in all cases. Price §1.

Washington Av., City.—Dear Meller: I have for some years been troubled with carrin, and for the just two years have suffered seriously with it. Noticing your advertisement of Santord's Remedy (Radical Cure). I decided to try it. I have used only two bottles, and as a result I feel so much relieved that I persume on our personal relations and write this to you and ask that you take some measures to get it more prominently before the public, that others may have such relief as I have. I have recommended it to outle a number of I have. I have recommened it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with

I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who need it should try it. I will risk the assertion that 1000 I oz. vials (as a sample) to be given away will sell as many bottles.

Try some plan. Let the people have it; they need it. I believe I could sell 5000 bottles myself-of course you could largely increase this number Why not (ry it). Yours truly, WM. BOWEN.

NATURAL SELECTION.

I NVESTIGATORS of natural science have demonstrated beyond controvers; that throughout the animal kingdom the "survival of the fittest" is the only law vouchsating thrift and perpetuity. Does not the same principle govern the commercial prosperity of man? An inferior can not supersede apuriarticle. By reason of superior merit Dr. Pierce's Standard Medicines have outrivaled all others. Their sale in the United States alone exceeds one million dollars per anomy while the amount of million dollars per annum, while the amount ex-ported foots up to several hundred thousand more. An Open Letter--It Speaks for Itself:

Bockrout, Mass., April 2, 1817.

Ma. Entron: Having read in your paper the reports of the remarkable cures of catarrit, I am induced to tell what a know about catarrit, and I fancy the "snuff" and "inhaling tube" makers—mere dollar grabbers—would be glad if they could emblazon a similar cure in the papers. For twenty years I have suffered with catarrit. The massl passages became completely closed. Snuff, dust, ashes, inhaling tubes and sticks would not work, though at intervals I would snuff up the so-called catarrit snuff until I became a valuable tester for such medicines. I gradually grew warse, and no one can know how much I suffered or what a miserable being was. My head ached over my eves so that I was confined to my bed for many successive days, suffering the most intense pain, which at one time lasted for 168 hours. All sense of taste and smell gone, sight and hearing gone, nervous system shattered and constitution broken, and I was hawking and spitting seven eighths of the time. I prayed for death to relieve me of any sufferings. A favorable netice in your paper of Dr. Sage's Catarrit Remedy induced me to purchase a package and use it with Dr. Sage's masal douche, which applies the remedy by hydrostatic pressure, the only way compatible with common sense. Well, Mr. Editor, it did not cure me in three-fourths of a second, nor in one hour or month, law in less than eight minutes I was relieved and in sense. Well, Mr. Editor, it did not cure me in threefourths of a second, nor in one hour or month, but
in less than eight minutes I was relieved and in
three months cured and have remained so for over
16 months. While using the Catarrh Remedy I used
Dr. Pierce's Golden Medical Discovery to purify my
blood and strengthen my stomach. I also kept i-y
liver active and bowels regular by the use of his
Pleasant Pargative Pellets. If my experience will
induce other sufferers to seek the same means of re
lief, this letter will have answered its purpose.
Yours truly.

By virtue of its period properties it cares bronchial, throat and long affections; incipient consumption; lingering coughs and chronic laryngitis. Its choisagone qualities render it an unequaled remedy for billousness, torpid liver, or 'ilv er complaint;' and its tonic properties make it equally efficacions in curing indigestion, loss of appetite and dyspepsia.

equally efficacions in curring indigestion, loss of appetite and dyspepsia.

Where the skin is sallow and covered with blotches and pimples, or where there are scrofulous after tions and swellings, a few bottles of Golden Medical Discovery will effect an entire cure. If you feel dull, drowsy, debffitated, have sallow color of skin, or vellowish-brown spots on face or body, frequent headache or dizzinces, bad taste in mouth, internal heat or chilis atternated with hot fushes, low spirits and gloomy forebodings, irregular appetite and tongue coated, you are suffering from torpid liver or billousness. In many cases of liver complaint only part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the fiver strengthened and healthy.
